

fusioninventory-agent-windows-installer - Tasks #2030

Do not use macros for call functions in the same module.

03/22/2013 04:20 PM - Tomás Abad

Status:	New	Start date:	03/22/2013
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	Unplanned yet		
Description			
When you are in a module *.nsh and need to call to a function defined in the same module, don't use a macro definition (!insertmacro ...); use 'Call ...' instead.
